

**Stackable, rackable, one way or reusable plastic pallets designed for rugged reuse in harsh environments.**

## **AVAILABLE IN SIZES:**

**45" x 45"**

**48" x 40"**

**48" x 45"**

**48" x 48"**

**These Pallets are available in two different grades.**

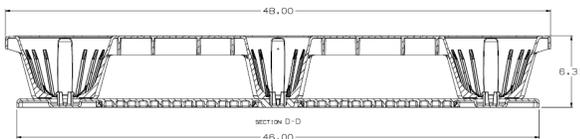

- **C grade uses the most economical material blend that results in a rigid pallet. It is good to lightweight or one-way shipments.**
- **B grade uses the same 100% recycled material as C grade, but has impact modifiers, and color added. This results in a more flexible black pallet that can withstand harsher environments and greater impact.**
- **Freezer grade is also available for select sizes. Please contact us for additional info.**

**Xtreme-R pallet is the latest in plastic pallet technology and engineered to be cost-effective. This ISPM-15 exempt industrial pallet is available with bottom runners. Our pallets are designed for rugged use in harsh environments. Made from 100% recycled materials, The Xtreme-R pallet is environmentally friendly, resistant to pest infestation, mold and mildew thus eliminating the need for fumigation or heat treatments. Durable, lightweight and economical, Xtreme-R is ideal for one way or multi-trip shipping.**

## STACKABLE, RACKABLE ONE WAY OR RE-USABLE PLASTIC PALLET

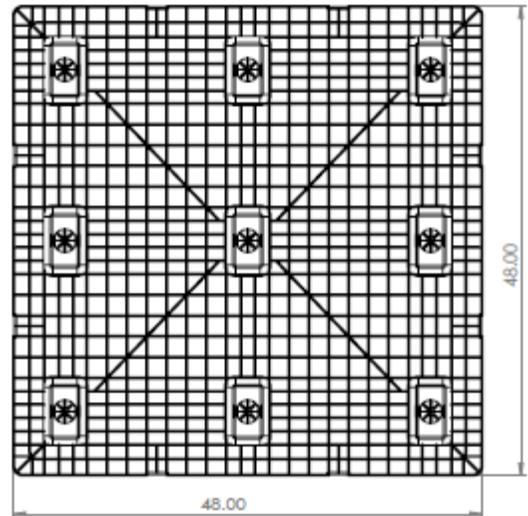

### FEATURES

- Stackable with 3 bottom runners
- Made from 100% recycled plastic
- Low cost alternative to Wood
- Large Load Capacity
- Lightweight, easy to handle
- Single-piece molded construction
- Solid body
- Resists water absorption and bacteria growth, resistant to pest infestation
- Slip-resistant deck
