### AVAILABLE OPTIONS

- Your company name and logo molded permanently into the pallet
- In-molding labeling
- Identification label and barcoding

These Pallets are available in two different grades.

- **C grade** uses the most economical material blend that results in a rigid pallet. It is good to lightweight or one-way shipments.
- **B grade** uses the same 100% recycled material as C grade, but has impact modifiers, and color added. This results in a more flexible black pallet that can withstand harsher environments and greater impact.

MODEL	PRODUCT WEIGHT	DYNAMIC LOAD CAPACITY	STATIC LOAD CAPACITY	ACCESS/ ENTRY	53' TRAILER QTY
